LANGUAGE

Are courses taught in English available?

All courses are taught in German; for studio study at least basic knowledge of German is recommended to allow easy communication with professors, teachers and fellow-students. Single consultation within studio study for exchange students and with workshop leaders might be in English (B1/B2 level).

Which level of English/German is recommended?

All theoretical courses are taught in German. We do not recommend to choose these courses if your German is not adequate (at least B2-C1 level).

OTHER RELEVANT INFORMATION

Studio study within a class is led by internationally renowned artists coming from various countries (Netherlands, Switzerland, Mexico, Austria ...)
